

INNOVATION MEETS IMPACT

CELEBRATING CREATIVE COLLABORATION THIS SUMMER AND BEYOND!

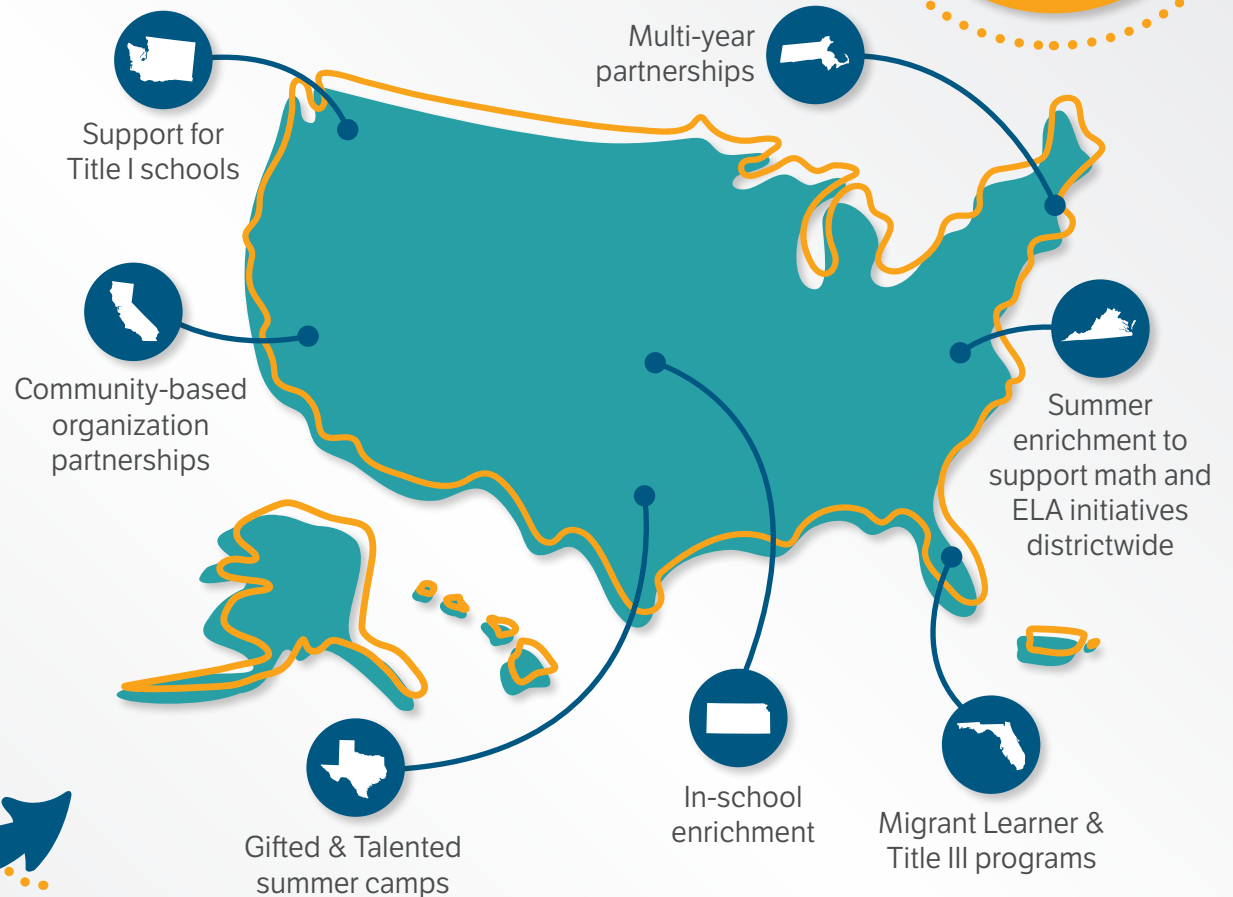

For over 30 years, the National Inventors Hall of Fame® has provided extraordinary STEM programs through **in-school, out-of-school and summertime education programming.**

More districts are powering their PreK-8 enrichment through **invention education.** This approach unlocks students' innate creativity and guides them through **open-ended, hands-on experiences** where they explore invention through problem solving and prototyping.

All programs are **customizable** to meet individual school/district needs and are aligned to state and national standards. Here are some examples of how we support educators and students across the country.

PARTNERS IN ALL 50 STATES, WASHINGTON, D.C., AND PUERTO RICO

National Inventors
Hall of Fame®
EDUCATION PROGRAMS

IMPACT BY THE NUMBERS

“I love watching students who are normally shy get excited about their new learning. The experiences were very engaging!”

— Teacher in
California

2,500
partnerships
in 2023 and
2.6 MILLION
students reached
since 1990.

98% of educators’
expectations were
met or exceeded.

96% of educators reported they are
able to use new teaching strategies
in their classrooms as a result of their
Invention Project® experience.

“We use your programs schoolwide and have found that it impacts engagement, attendance, conversation skills, problem-solving ability and an overall excitement while learning.”

— Principal in **Texas**

“Watching the students create new ideas and make them come to life is so rewarding. They are learning to be creative and think for themselves!”

— STEM teacher in
Georgia

JUST 30 HOURS
OF NATIONAL INVENTORS HALL OF FAME
EDUCATION PROGRAMS RESULT IN:

Significant short- and
long-term improvements
in creativity, STEM interest
and problem solving.

Increased
enrollment in
existing summer
learning programs.

Boost your district’s attendance, engagement and love of learning.
Connect with us today to bring year-round invention education to your students!
